pH	:	5.0 - 6.5	AD
Bostwick	:	5 - 8	cm/ 30 seg
Foreign matter	:	Absence	

**Microbiological Parameters**

**Aseptic**

Total Plate Count	:	< 50	cfu /gr (TPC Agar)
Yeasts and Molds	:	< 10	cfu /gr (PDA Agar)
Coliforms	:	< 10	cfu /gr (VRB Agar)

**Sensory Properties**

Flavor	:	Typical butternut squash, with no off-odors or off-flavors
Color (visually)	:	Yellow to Orange

**Packing**

**Aseptic**

Open head steel conical drums	:	220	Kg
		Aseptic bag	

**Shelf life**

Retest after	:	24 months
If stored at	:	Fresh ambient temperature, protected from sun light. It is recommended to store at refrigeration temperatures.

## PRODUCT SPECIFICATION

### Butternut squash Puree (Aseptic)

Code: ETABNSP01	Version: 01	Last Revision:	Written by: Certification Responsible.	Approved by: Quality Manager
--------------------	-------------	----------------	--	---------------------------------

#### Lettering

Each unit is labeled with the following information: Name of manufacturer, product name, batch number, production date, product code, net weight, gross weight.

#### GMO

This product does not contain material derived from genetically modified organisms.

#### Allergens

The product does not contain allergens ingredients.

#### Heavy metals and Pesticides

The product fulfills MRL of pesticides and heavy metal tolerances, according to regulation of destination.

#### Additives

Ascorbic acid or Citric acid (optional)

*Note: if citric or ascorbic acid are added, pH and acidity may be modified.*
